

Dr. Paul J. Allison, Dean, Faculty of Dentistry, and Dr. Anthony Seminara, Faculty Advisory Board member, invite you to a Faculty 'first'; a panel discussion addressing the essential turning points that dentists face as they progress through their careers. We've assembled a talented team of experts to guide participants and share pertinent advice: a broker, a lawyer, an accountant, and a small business financial advisor.

On hand will be dentists at various stages of their careers; some who are looking to buy or sell, some who are looking to associate, or to hire, and others who have been through the process and have purchased their own practices. You will have ample opportunity to interact one-on-one with our pros, and to connect with your peers.
